AGENDA

- Whova allows users to view their conference agenda. Attendees can easily stay informed about session times, locations, and speakers.
- Users can personalize their own agenda and set reminders.
- Due to the interactive agenda, attendees can communicate with and provide feedback to session speakers by posting comments to each session.

LOGISTICS

- View useful information for your event on the logistics page, such as:
 - Venue of conference
 Travel and transportation
 - information
 - Local Tourism
 - •Hotel Accommodations
 - •Map of the local area
